

COMING CHANGES IN DIPLOMATIC SERVICE

President is Devoting Some Time To the Consideration of Important Appointments.

WHITELAW REID GOES TO LONDON

Gen. Porter Retires from Paris—W. W. Rockhill Will Succeed Conger At Peking.

Washington, Dec. 30.—President Roosevelt is devoting some time at present to consideration of important appointments in the diplomatic and consular service of the government, which are to be made formally by him at the beginning of next March.

Secy. Hay had a conference with the president today before the meeting of the cabinet, and it is understood that the matter of appointments in the diplomatic service was one of the subjects discussed.

While no official announcement of the president's intention regarding the positions has yet been made, it is known that he has decided upon several changes.

Joseph H. Choate, ambassador to the court of St. James, has indicated that he does not desire longer to continue as representative of this government in Great Britain, and he expects, when relieved, to return to America to look after his personal interests here. He will be succeeded by Whitelaw Reid, proprietor of the New York Tribune, who was at one time minister to France.

Gen. Horace Porter, American ambassador to France, will retire from that post soon after March 4. He was appointed by the late President McKinley, and with the expiration of his present term, will have served the United States at the French capital eight years.

The president has decided on Gen. Porter's successor, but at this time no announcement of his decision can be made.

Charlesmen Tower, American ambassador to Germany, and Robert S. McCornick, American ambassador to Russia, will continue at their respective posts.

Bellamy Storor, American ambassador to Austria-Hungary, will continue in his present place until the president decides to transfer him to another post in the diplomatic service.

As to the ambassadorship to Italy, nothing of a definite nature can be said now. It has been rumored that Ambassador George Van L. Meyer is to succeed Gen. Porter at Paris, but it cannot be said that such a change is not certain. The probabilities are that Ambassador Meyer will remain at Rome.

Gen. Powell Clayton having decided to relinquish his post as ambassador to Mexico at the end of the present administration, he will be succeeded by Edwin H. Conner, now United States minister to China.

It is not expected that Mr. Conner will continue long at the Mexican capital, as he is understood to intend to return to his home state of Iowa, to be a candidate in succession to Gov. Cummings. He will be succeeded by David Thompson of Nebraska, who at present is minister to Brazil.

Minister Conner will be succeeded at the court of Peking by William W. Rockhill, at present director of the bureau of American republics, who is recognized as an authority on all subjects pertaining to China and the Chinese.

John K. Gowdy, who was appointed by President McKinley as American consul-general at Paris, will be succeeded by Frank H. Mason, who is now consul-general to Berlin. In succession to Mr. Mason, John Lewis Griffiths of Indianapolis, will be named.

MRS. CHADWICK MEASURED.

By Secret Service Experts According to Perfection System.

Cleveland, O., Dec. 30.—Bertillon measurements were taken of Mrs. Chadwick today by a government secret service expert.

Investigation discloses that there are no Bertillon measures of Mrs. Devere on record at the Ohio penitentiary. The system was in vogue prior to her coming to the prison, but it had been discontinued when she was incarcerated. Since then the system has been restored. The prison records contain a very minute description of Mrs. Devere, however.

Dr. C. J. Aldrich, the alienist, again called at the county jail to see Mrs. Chadwick today, but upon instructions issued by United States Marshal Chandler, he was refused admittance. Dr. Aldrich stated that he was making a study of Mrs. Chadwick upon request of her counsel, J. P. Dawley.

Several other matters developed in the Chadwick case today that seem to indicate insanity as her almost certain line of defense. It was learned that Dr. H. C. Eymann, superintendent of the Massillon state hospital for the insane, made an examination of the woman last Tuesday. Dr. Eymann's visit was kept secret at the time. He is one of the ablest and best-known practical alienists and specialists in insanity in Ohio.

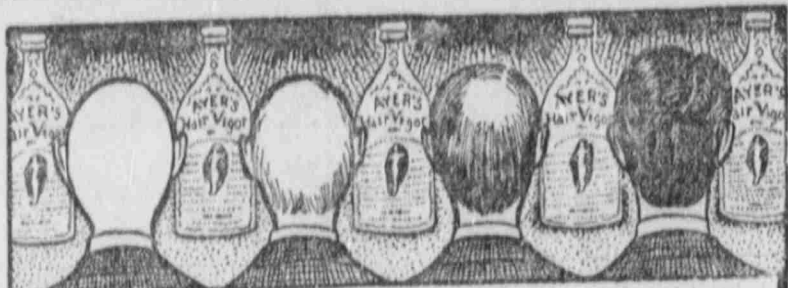

The Associated Press dispatch announcing the sighting of the steamship Pretoria off Fire Island was given to a deputy sheriff at the county jail this morning. He immediately took it to Mrs. Chadwick, who was asleep. When awakened and informed of the vessel's safety Mrs. Chadwick said she was glad to hear the news, that she had worried some over the delay in the vessel's arrival.

ADMIRAL TOGO GIVEN A CONTINUOUS OVATION.

Tokio, Dec. 30, 11 a. m.—Admiral Togo and Vice Admiral Kamimura with their staffs, arrived at the Shimabashi station at 9:20 o'clock today. Their journey from Kure to Tokio was a continuous ovation. At an early hour today the streets were filled and the city was gaily decorated with flags, lanterns and New Year's decorations. Representatives of the emperor and empress, Prince Fushimi, Jr., elder statesmen, ministers, prominent Japanese and thousands of school children, greeted the arrival of the naval heroes at the station. The presidents of both houses of the diet presented them with the resolutions of commendation passed by their respective branches of parliament.

The quiet gray-bearded Admiral Togo, in a blue service uniform, seemed embarrassed at the noisy ovation. Near Admiral Shimamura, chief of staff, laughingly elbowed forward Vice Admiral Kamimura. The junior officers tried to clear the way, but the crowd closed in on Admiral Togo and they were frequently forced to clear the crowd backward in an endeavor to clear the reaching hands.

Finally Admiral Togo and Vice Admiral Kamimura were freed from their enthusiastic admirers and surrounded

Good. Only look out for dandruff! It leads straight to baldness. But there's use trying now, for Ayer's Hair Vigor cures dandruff, keeps the scalp clean and healthy, and checks falling hair.

by officers. They reached the carriage sent by the emperor to the station to convey the distinguished party to the palace.

As Admiral Togo appeared a great shout arose, hats were thrown in the air, arms were raised and "Banzai" followed "Banzai."

Proceeding by grandstand, the party drove under triumphal arches, waving flags and discharging fireworks through the cheering crowds, to the navy department, where a brief stop was made during which the congratulations of the ministers were received and future successes were toasted.

Admiral Togo and Vice Admiral Kamimura then proceeded to the palace to report to the emperor. They will probably remain in Tokio about one week for the purpose of consulting with the general staff and perfecting plans for future operations.

DISTRICT OF COLUMBIA MAY HAVE WHIPPING POST.

Washington, Dec. 30.—The local grand jury in making its final report for the present term of the supreme court of the District of Columbia today recommended the establishment of a whipping post in the district. The question has been much agitated ever since the president in his last annual message recommended corporal punishment for wife beaters in the District of Columbia. The recommendation found is as follows:

"The difficulty of establishing the whipping post as a means of punishing wife beaters and petty larceny offenders has been investigated by this body, and the majority of the members are of the opinion that it would prove very effective in reducing the number of these reprehensible crimes."

A recommendation that persons about to be married produce evidence of freedom from certain diseases, also is made.

AMERICAN COPYRIGHT LAW.

British Authors Discuss It, Some Favor, Some Condemn.

London, Dec. 30.—The Standard, having opened its columns to a discussion of the alleged injustice done the British authors by the American copyright law, numerous prominent writers are expressing their opinions on the subject, without displaying any unanimity regarding the remedy.

Sir Andrew Doyle is strongly for, and Hall Caine as strongly against retaliation. Andrew Lang confesses the whole question of protection is too metaphysical for him. The single point upon which there is a semblance of agreement is in a suggestion by Mrs. W. Clifford, approved by Hall Caine and others, that a clause should be inserted in the American law giving British as well as foreign authors the privilege of copyright within one year.

CAN KNOCK OUT TRUSTS.

Congress Has the Power if It Will Only Use It.

Chicago, Dec. 30.—Edward B. Whitney of New York declared today before the American Political Science and Economic associations that Congress has the direct power to put an end to the United States Steel corporation, the anthracite "coal pool" and similar corporations. He asserted that a law forbidding a company engaged in interstate commerce to engage in a productive industry would prohibit such "agglomerations."

Delaware Legislature Organized.

Dover, Del., Dec. 30.—The legislature tonight, in an extra session, after disputing nearly all day over a division of officers, effected an organization, passed the bill extending to Jan. 1, 1906, the time when the new judgment lien law shall go into effect, also an appropriation bill covering the expense of the extra session, \$60, and then adjourned until tomorrow.

NEW YORK REPUBLICANS.

Everybody Satisfied and Harmony Prevails.

New York, Dec. 30.—Senator Depew and Louis Payn called at the office of Senator Platt today and the three had a private conference. It is supposed that the result of the senatorial contest, Mr. Payn has been represented to be a staunch supporter of ex-Gov. Black's candidacy. Mr. Payn, after the conference, said:

"I am glad to see Senator Depew win and I have congratulated him and told Senator Platt that it was all right. Senator Platt and I have been friends for 40 years. I have been advising Gov. Black for six months that he would be bad policy for him to enter the race and neglect his business. I never believed that he would make the race. Everybody is satisfied and harmony prevails in the party."

AMERICAN LAKE MANEUVERS

Men Learned They Had to March 15 Miles to Fight 15 Minutes.

Washington, Dec. 30.—Gen. MacArthur, commanding the Pacific division in his report on the joint maneuvers held during the summer at Alameda, Cal., and at American Lake, Wash., says the most notable event connected with the maneuvers resulted from the resourcefulness of the signal corps under Lieut. Goodale at American Lake, where, under the pressure of emergen-

cies, many ingenious and valuable electrical demonstrations were made. The report recommends a permanent continuance of the maneuvers.

In a special report on the California maneuvers Gen. MacArthur, speaking of the results of the training received by the troops, quotes a colonel of a California regiment as saying they had learned that it was necessary to march 15 miles to fight 15 minutes, and says:

"The formulation of such a truthful and almost classical epigram as the result of experience gained during the encampment is in itself of sufficient importance to justify the entire expense of the undertaking."

SENATOR TOM PLATT.

Says He Never Retires When People Want Him To.

New York, Dec. 30.—"I never retire when other people try to force me to retire," said Senator Platt today, when informed that there was a rumor that former Gov. Black is to succeed him in the senate. "I probably shall remain in the United States senate as long as I can. I had entertained the thought of resigning if Mr. Black had been elected in Senator Depew's place. I was as much interested in the return of Mr. Depew as if I myself had been the candidate."

When asked what effect the return of Senator Depew would have on the organization, Senator Platt said, "I don't think it will have any particular effect."

"Your friends are saying that you now will resume active leadership of the organization," it was suggested. "It is useless to discuss a matter of that character at this time," said the senator.

"Do you expect to confer with Gov. Codd over organization matters?" "I don't know," said Mr. Platt. "I may see him about it," said Mr. Platt. "I may see him. I suppose he will send for me. I expect to see Speaker Nixon before the organization of the legislature."

"Will you have any recommendations with reference to committee places," he was asked. "I am always interested in good government. I've a little list of recommendations that I shall make to Mr. Nixon and to the governor."

UNDER ARREST.

President and Cashier of National Bank of Connecticut, O.

Cleveland, O., Dec. 30.—Cashier O. C. Lillie and President C. M. Traver of the National Bank of Connecticut, O., were placed under arrest late this afternoon at Connecticut by United States Marshal Chandler upon a warrant charging the bankers with a violation of the national banking laws, the alleged charge in Mr. Lillie's case being the making of a false entry in the books of the bank. Mr. Traver is charged in the warrant with being an accomplice of the cashier in the alleged falsification. Cashier Lillie waived preliminary examination and gave bail in the sum of \$10,000.

President Traver arrived in this city late tonight in charge of a deputy marshal. He was immediately brought before the United States commissioner, where he waived preliminary hearing and gave bail in the sum of \$10,000 for his appearance at the February term of court.

The First National Bank of Connecticut closed its books for the week ago, after a run upon it the preceding day. The bank has a capital stock of \$50,000.

The cause of the run, the bankers said at the time, was that the report had gained currency that Mrs. Chadwick had succeeded in securing loans from it. The bank officials deny holding any Chadwick paper.

Brussels, Dec. 30.—Many persons were killed or injured in Belgium by a terrific hurricane today, which also caused much damage to property.

WRESTLING FOR CADETS.

President Approves of Its Adoption at the Naval Academy.

Washington, Dec. 30.—Little business of importance concerning which public announcement can be made at this time, was transacted at today's cabinet meeting. Secy. Morton said it had been decided to have Jiu Jitsu, the Japanese science of wrestling at the naval academy.

The president is much interested in the Japanese style of wrestling, and cordially approves of the introduction at the naval academy.

STORY OF THE BREAK AT FOLSOM PRISON

Capt. Murphy Tells How the Trouble Started at the Rock Crusher.

A CONVICT RUSHED AT HIM.

Finally Overpowered—Said to Them: "You Are Foolish, Boys; You Will All Be Killed."

Folsom, Cal., Dec. 30.—If it were not for the fact that the hospital here contains several wounded men, and that three convicts are laid out in the morgue, there is no indication at the state prison this morning of the bold dash for liberty made by nine convicts late yesterday afternoon. Three hundred and fifty convicts were put to work as usual in the quarry and about the rock crusher, the scene of yesterday's onslaught.

Early this morning, however, "Kid" Thompson, who is regarded as a particularly dangerous convict was placed in the dungeon for uttering words considered detrimental to the discipline of the prison. He criticized Warden Yell and the guards for killing his fellow-prisoners.

W. Hernandez was also placed in a cell, having been identified as the man who threw the sledge hammer into the rock crusher. His number was on the implement, but he declared that it had fallen into the crusher while he momentarily stepped away. Warden Yell learned this morning that convict Campbell was in the plot to escape and ordered him placed in the dungeon.

Guard Charles Jolly and Capt. R. J. Murphy, who were wounded, were pronounced today to be in about the same condition as last night. Jolly, who was shot through the face the bullet passing under the right jaw and coming out through the nose, will recover if blood poisoning does not set in. Murphy is wounded in the leg and has two knife thrusts in the back.

Warden Yell has in his possession seven knives that were taken from the escaping convicts. They are rusty implements, about seven inches in length. The handles are bound in rawhide and the points are roughly sharpened.

Capt. Murphy, who was taken by the convicts and used by them as a shield against the bullets of the guards, was seen this morning. Capt. Murphy was confined to his bed by his injuries, but said that he was feeling all right with the exception of a severe soreness.

The wounded official was asked to give an account of his experience with the convicts in their attempted break for liberty, and did so.

"About 3 o'clock, said Capt. Murphy, 'I heard the rock crusher make an unusual amount of noise and asked what the trouble was. I was informed that a sledge hammer was in the crusher, and so ordered the machine stopped, that the hammer might be removed.'

"After going to the crusher, convict Finley came rushing at me with his hands in the air, holding a knife. That was another attempt to break prison did not occur to me, but I thought it was an attempt to 'get me.'

"I only had an umbrella, but used that to poke Finley in the body, but he kept coming after me, and finally he and Hill grabbed and forced me to come with them. Finley used his knife to prod me in the back, forcing me on. My back was cut a number of times by jabs from this knife."

"The men told me that they did not intend to hurt me, but they continued to use the knife as a goad. I asked them what they intended to do, and was informed that they intended to get out. 'That's foolish, boys; you will all be killed,' I said."

"Hill stopped and said, 'Wait a minute, boys, and let's talk this over,' but the others called on him to come on, and he did. We went across the gangway, over the canal, and down onto the
